When Ashe County Memorial Hospital opened in November 1941, it was the realization of a dream for the poor, sparsely populated county in the mountains of northwestern North Carolina. Building a hospital is a major undertaking for any community at any time. Accomplishing this in the waning days of the Great Depression and on the brink of World War II, while scant local resources were taxed by catastrophic floods and severe snows, was a remarkable feat of community organization. This is the story of the generations of supporters, doctors, nurses, emergency personnel and others whose lives are interwoven with regional health care and the planning, building and operation of (the "new") Ashe Memorial Hospital. This legacy, brought to life through 114 photographs and personal interviews with 97 individuals, traces the development of health care in a remote Appalachian community, from the days of folk remedies and midwives, to horseback doctors and early infirmaries, to the technological advances and outreach efforts of today's Ashe Memorial Hospital.

The dichotomy of this book juxtaposes success and failure while solidifying the truth that walking with God is not conflict free because the essential nature of man is a unity of two (dichotomy) distinct realities, one physical (body) and spiritual (soul, spirit, mind). When the question is asked, What is the mind? The authors present a logical case for linking the paradigms of the mind from theology (truth) to philosophy (the search for truth) to provide a deeper understanding of two opposing forces that cause the battle between the desires of the flesh and the will of the spirit

Discover the untold story of Hak Ja Han Moon, the North Korean village girl who is now known to millions as the Mother of Peace. Her heart-wrenching story reveals details of a war-torn childhood and trials of faith as she and her late husband, Rev. Sun Myung Moon, built a vast and still-growing international movement capable of fulfilling God's will for peace in the 21st century. A major milestone of her life, described in never-told-before detail, was her marriage in 1960, at age 17, to the charismatic Rev. Dr. Sun Myung Moon. For the next 52 years, she joined him in the daunting task of building a global interfaith movement to fulfill God's will for peace in the 21st century. Mother Moon's journey as a religious woman leader is breathtaking: Born in Japanese-occupied Korea in 1943, she spent her early life in nature so she could commune with God. War forced her to flee south with her mother and grandmother; they crossed the Han River Bridge minutes before it was blown up. Later, she walked and worked side-by-side with Father Moon, one of history's most energetic and visionary men. They visited every corner of the earth and, despite relentless persecution, met with world leaders, including Mikhail Gorbachev and Kim Il Sung, to bring God's message for them. During this time, she bore 14 children and buried four. She stood with Father Moon for hours as they officiated at Marriage Blessing Ceremonies for hundreds of thousands of couples. Together, they launched hundreds of organizations and businesses to serve youth, family and peacemaking. Since Father Moon's passing in 2012, Mother Moon has shouldered the leadership of their still-growing movement. She has led "Peace Starts With Me" rallies in six continents and plans to bring Blessing Ceremonies to all people.

In this heartfelt autobiography, Givens narrates her life story and describes the angels who rescued her during her times of need. Ever wonder what really happens that first year after you retire? I'm talking about the day-to-day emotions, feelings, projects, questions, anxieties... the ups and downs of this very important next step in one's life after some 25/30/35/40 years of formal work? Well, my "The Baby Boomers First-Hand/First-Year Guide to Retirement... 365 Days of Bliss (???!!!) or Diss (Not???!!!)" could provide some insight for those recently retired or contemplating retirement. This 365 day (from January 17, 2013 to January 17, 2014) daily journal allows the reader to follow along as I experience the chores, the life; the new budgeting, the wife — the questions, the emotions; some answers and hopefully some solutions. "First-Hand" is an easy-to-read/fast page turner; a humorous collection of thoughts and stuff... it does not hit you over the head with heavy retirement questions regarding pensions or 401(k) requirements; or statistics such as inflation projections, investment facts, tax shelters, financial formulas, etc... My book is simply a personal essay of my first 365 days of retirement, featuring real names and real people. Included are personal pictures and anecdotes of my 2013 journey that sheds light on the everyday minutia of retired life. I self-published my first book "SQUARE SQUIRE & THE JOURNEY TO DREAMSTATE" in 2012. I have a completed children's short story collection "LongTALES for shortTAILS" — currently being illustrated; and I have a young adult/short story collection "Word Food for Doods" ready for publishing. I am presently working on a novella about a jive/hipster dude cat called "Diddley Squatt."

This book is printed in color as a guide to teachers using the method, and includes teacher's notes. The staff, clefs, notes and more about chant are presented in an innovative manner that builds on the fact that at one time the Gregorian Chant music staff of four lines was drawn using

green ink for DO and red ink for FA. Expanding this idea to include clefs and notes, while coloring students of chant learn how to read and sing chant with the half-steps of the chant scales firmly visualized, making the transition to reading chant from books printed in black ink very easy. All the books by Basic Chant use very large notes for chant since this was how they were created and used by singers for hundreds of years as singers grouped around one large book to sing. The notes and signs of chant can be hard to read in modern printed books but after learning them in large form, it becomes much easier to sing them from modern editions.

"Music and silence-how I detest them both!" Screwtape, under-secretary to the devil, *The Screwtape Letters* by C. S. Lewis It's easy to see why the enemies of mankind would hate and fear both sacred silence and sacred music. Both bring joy, spur contemplation, and draw the soul nearer to the Lord. Both have been part of our private prayer as well as our communal liturgy for thousands of years. The Psalms-biblical songs of praise, supplication, and wonder-have been sung for three thousand years. Naturally, Jesus, His disciples, and later the early Christian community also sang hymns (from the Greek word meaning "songs of praise"), as The New Testament makes clear. We sing because we love, and sung praise elevates our words, takes them out of the realm of the commonplace, and increases our joy. The holy pleasure of singing to God involves the entire person-spirit, heart, mind, and body-and unites us not only with the Divine but also with one another as a worshiping community. This collection of hymns for the singing Catholic congregation exemplifies the best of the genre. These songs are religiously orthodox, beautiful, sacred, and-for the most part-familiar. But here you will also find worthy hymn tunes and texts that are new to you. We present this book to propose not that hymns replace the proper chants for that days Mass* but live happily alongside them. In most instances the proper chants for processions are the prerogative of cantors and choirs and, as they change very day as part of the Mass aren't practical to be sung by the congregation. Hymns, on the other hand, belong to all the faithful and serve as a key means of the "active participation" spoken of in Vatican II's Constitution on the Sacred Liturgy. Hymns have been sung as an important part of the Liturgy of the Hours for century upon century, so they are nothing new, new only to be sung at Mass. "To promote active participation, the people should be encouraged to take part by means of acclamations, responses, psalmody, antiphons, and songs, as well as by actions, gestures, and bodily attitudes. And at the proper times all should observe a reverent silence." Sacrosanctum Concilium (Constitution on the Sacred Liturgy, Vatican II, 1963), Paragraph 30 In a parish where the scriptures are sung, the introit will accompany the procession of the ministers and the cross. Clergy, choir, and people can then sing a congregational hymn. The same is true at offertory and Communion: hymns can follow the proper chants. And at the conclusion of Mass, a suitable hymn can send the people forth with the praise of Almighty God on

their lips. May this book bring joy to all who sing from it! What is the source of the Sung Antiphons for the Roman liturgy Mass? The proper texts of the Antiphons of the Roman liturgy may be found in: *Graduale Romanum*; English translations of these texts are also widely available. The antiphons from the Roman Missal, third edition, may also serve as proper texts. For more information see: *Sacrosanctum Concilium (Constitution on the Sacred Liturgy, Vatican II, 1963)*, *Musicam Sacram (Instruction on Music in the Liturgy, 1967)* The General Instruction of the Roman Missal, 2010.

Everyone can relate to walking through very dark periods in life which seem will never end. Noel Jones is not speaking from a vantage point of one who has never suffered so his words of encouragement and promise carry weight and hope. Sorrow and adversity come, but they do not stay. This book conveys the message that suffering and endurance are preparations for the reward that will come to the one who holds on to and trusts in the faithfulness of God. That one will experience the laughter of triumph. Joy comes in the morning to those who endure.

Author Rick Moore's life story can be seen as a beacon of hope to those who are caught in a world where violence and murder are part of life: the thug life. Rickey Moore, like so many others in the eyes of a cynical world, was destined for failure. He was born into a middle-class lifestyle in the late 1950s to a Mexican-American mother and an absent African-American father during a time many would consider to be the height of racism, segregation, and discrimination. Rick opens a window that allows for a unique introspect into a world where few are brave enough to enter, yet alone escape from after growing up in it. Readers will get a true feel of the world Rick describes as he takes us from his childhood into adulthood. His powerful testimony vibrantly displays God's ultimate power in taking a life caught in the rages of gang life and an oppressive upbringing, into a new creation "a life meant to bring glory to the one and only, true living God. *The Mindset* is presented with urban

flair as the author offers up his own style and flow to preface each chapter. What's your Mindset?
