A good product roadmap is one of the most important and influential documents an organization can develop, publish, and continuously update. In fact, this one document can steer an entire organization when it comes to delivering on company strategy. This practical guide teaches you how to create an effective product roadmap, and demonstrates how to use the roadmap to align stakeholders and prioritize ideas and requests. With it, you'll learn to communicate how your products will make your customers and organization successful. Whether you're a product manager, product owner, business analyst, program manager, project manager, scrum master, lead developer, designer, development manager, entrepreneur, or business owner, this book will show you how to: Articulate an inspiring vision and goals for your product Prioritize ruthlessly and scientifically Protect against pursuing seemingly good ideas without evaluation and prioritization Ensure alignment with stakeholders Inspire loyalty and over-delivery from your team Get your sales team working with you instead of against you Bring a user and buyer-centric approach to planning and decision-making Anticipate opportunities and stay ahead of the game Publish a comprehensive roadmap without overcommitting

Custer's Trials National Academies Press This book, *Trials and Tribulations of Life*, is a direct picture of the life I have lived thus far. It shows all of my good, bad, and hard times. It began in West Point, Georgia and journeyed to Chicago where, at eight years old, I began to see a whole new world. It began in West Point, Georgia and journeyed to Chicago where, at eight years old, I began to see a whole new world.

*Storytelling with Data* Custer's TrialsA Life

on the Frontier of a New America Paul Turk's sequel to "Faith Beyond The Trials" continues to follow the lives of John and Anna Taylor. In "Trials of Hope," John has returned to the practice of law and becomes embroiled in a high stakes will contest between two wealthy siblings who are acrimonious rivals. To further compound matters, the attorney on the other side of the case is the same lawyer who sued John over the automobile accident he was involved in. In addition to the pressures bearing upon both John and Anna as a result of the probate litigation, the Taylors are also faced with the issue as to whether Anna will be able to become pregnant again. How will the Taylors hold up under the circumstances they are faced with and who will help them in their battles? Hope and perseverance are in great demand as one day slips into the next.

**Last Rebel of the Civil War** Knopf Books for Young Readers

"An engrossing and tautly written account of a critical chapter in American history." -- Los Angeles Times Nathaniel Philbrick, author of *In the Hurricane's Eye*, Pulitzer Prize finalist *Mayflower*, and *Valiant Ambition*, is a historian with a unique ability to bring history to life. *The Last Stand* is Philbrick's monumental reappraisal of the epochal clash at the Little Bighorn in 1876 that gave birth to the legend of Custer's Last Stand. Bringing a wealth of new information to his subject, as well as his characteristic literary flair, Philbrick details the collision between two American icons- George Armstrong Custer and Sitting Bull-that both parties wished to avoid, and brilliantly explains how the battle that ensued has been shaped and reshaped by national myth.

**Trials of Hope** Vintage

Winner of the 2016 Pulitzer Prize for History From the winner of two Pulitzer Prizes and a National Book Award, a brilliant biography of Gen. George Armstrong Custer that radically changes our view of the man and his turbulent times. In this magisterial biography, T. J. Stiles paints a portrait of Custer both deeply personal and sweeping in scope, proving how much of Custer's legacy has

been ignored. He demolishes Custer's historical caricature, revealing a volatile, contradictory, intense person—capable yet insecure, intelligent yet bigoted, passionate yet self-destructive, a romantic individualist at odds with the institution of the military (he was court-martialed twice in six years). The key to understanding Custer, Stiles writes, is keeping in mind that he lived on a frontier in time. In the Civil War, the West, and many areas overlooked in previous biographies, Custer helped to create modern America, but he could never adapt to it. He freed countless slaves yet rejected new civil rights laws. He proved his heroism but missed the dark reality of war for so many others. A talented combat leader, he struggled as a manager in the West. He tried to make a fortune on Wall Street yet never connected with the new corporate economy. Native Americans fascinated him, but he could not see them as fully human. A popular writer, he remained apart from Ambrose Bierce, Mark Twain, and other rising intellectuals. During Custer's lifetime, Americans saw their world remade. His admirers saw him as the embodiment of the nation's gallant youth, of all that they were losing; his detractors despised him for resisting a more complex and promising future. Intimate, dramatic, and provocative, this biography captures the larger story of the changing nation in Custer's tumultuous marriage to his highly educated wife, Libbie; their complicated relationship with Eliza Brown, the forceful black woman who ran their household; as well as his battles and expeditions. It casts surprising new light on a near-mythic American figure, a man both widely known and little understood.

Trials and Tribulations of Life Harvard Business Press

The Professional Guinea Pig documents the emergence of the professional research subject in Phase I clinical trials testing the safety of drugs in development. Until the mid-1970s Phase I trials were conducted on prisoners. After that practice was outlawed, the pharmaceutical industry needed a replacement population and began to

aggressively recruit healthy, paid subjects, some of whom came to depend on the income, earning their living by continuously taking part in these trials. Drawing on ethnographic research among self-identified “professional guinea pigs” in Philadelphia, Roberto Abadie examines their experiences and views on the conduct of the trials and the risks they assume by participating. Some of the research subjects he met had taken part in more than eighty Phase I trials. While the professional guinea pigs tended to believe that most clinical trials pose only a moderate health risk, Abadie contends that the hazards presented by continuous participation, such as exposure to potentially dangerous drug interactions, are discounted or ignored by research subjects in need of money. The risks to professional guinea pigs are also disregarded by the pharmaceutical industry, which has become dependent on the routine participation of experienced research subjects. Arguing that financial incentives compromise the ethical imperative for informed consent to be freely given by clinical-trials subjects, Abadie confirms the need to reform policies regulating the participation of paid subjects in Phase I clinical trials.

*The Epic Life of Cornelius Vanderbilt*  
Penguin

The sharp social critic and author of *Blood Rites* looks underneath the illusion of American prosperity at poverty and hopelessness in America. Reprint. 100,000 first printing.

*Adventures and Unexpected Discoveries of Life* Cambridge University Press

At some point in their lives, millions of people have waited tables. And many remain haunted by nightmare scenarios where they are the sole server in a packed restaurant. For all those disenchanting current and former food service employees, Darron Cardosa (a.k.a. the Bitchy Waiter) has your back. Since 2008 he's vented his frustrations about everything from entitled has-beens to what "really" goes on in that fancy restaurant in a popular blog. A snarky mix of Sedaris, Bourdain, Bombeck, and Mo Rocca, Cardosa distills 30 years of food service into dark, funny tales that anyone who worked in the industry will relate to."

*The Parallel Lives of Two American Warriors* Knopf

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions

and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

*The Life, Death, and Mythic Afterlife of George Armstrong Custer* Random House

A new biography of General George Armstrong Custer that radically changes our view of the man and his turbulent times. Historian T.J. Stiles paints a portrait of Custer both deeply personal and sweeping in scope, proving how much of Custer's legacy has been ignored. He demolishes Custer's historical caricature, revealing a volatile, contradictory, intense person--capable yet insecure, intelligent yet bigoted, passionate yet self-destructive, a romantic individualist at odds with the institution of the military (he was court-martialed twice in six years). The key to understanding Custer, Stiles writes, is keeping in mind that he lived on a frontier in time. During Custer's lifetime, Americans saw their world remade. In the Civil War, the West, and many areas overlooked in previous biographies, Custer helped to create modern America, but he could never adapt to it. His admirers saw him as the embodiment of the nation's gallant youth, of all that they were losing; his detractors despised him for resisting a more complex and promising future. He freed countless slaves, yet rejected new civil rights laws. He proved his heroism, but missed the dark reality of war for so many others. Native Americans fascinated him, but he could not see them as fully human. Intimate, dramatic, and provocative, this biography captures the larger story of the changing nation in Custer's tumultuous marriage to his highly educated wife, Libbie; their complicated relationship with Eliza Brown, the forceful black woman who ran their household; as well as his battles and expeditions. It casts surprising new light on a near-mythic American figure.--Adapted from book jacket.

*Empire and Liberty* Farrar, Straus and Giroux

In this brilliant biography T. J. Stiles offers a new understanding of the legendary outlaw Jesse James. Although he has often been portrayed as a Robin Hood of the old west, in this ground-breaking work Stiles places James within the context of the bloody conflicts of the Civil War to reveal a

much more complicated and significant figure. Raised in a fiercely pro-slavery household in bitterly divided Missouri, at age sixteen James became a bushwhacker, one of the savage Confederate guerrillas that terrorized the border states. After the end of the war, James continued his campaign of robbery and murder into the brutal era of reconstruction, when his reckless daring, his partisan pronouncements, and his alliance with the sympathetic editor John Newman Edwards placed him squarely at the forefront of the former Confederates' bid to recapture political power. With meticulous research and vivid accounts of the dramatic adventures of the famous gunman, T. J. Stiles shows how he resembles not the apolitical hero of legend, but rather a figure ready to use violence to command attention for a political cause—in many ways, a forerunner of the modern terrorist.

*The Secret Lives of Customers* Macmillan

Now with four new chapters that explore Biden's 2020 presidential campaign; his sparring with Trump, both in and out of the debates; and his ultimate election as the 46th president of the United States Raised in the working-class towns of Scranton, Pennsylvania, and Wilmington, Delaware, and with lackluster grades in school and no particular goals, Joe Biden shocked the nation in 1972 when he became one of the youngest elected senators in U.S. history. Over the course of more than four decades, he carved a legacy for himself as one of the most respected legislators in the country before going on to serve as the vice president under Barack Obama and ultimately taking up the office of president in his own right. Yet Biden's political success has been matched by personal tragedy and countless challenges. Within two months of being elected in 1972, Biden lost his wife, Neilia, and his young daughter in a tragic accident—a loss that brought him to the nadir of despair and shook his resolve to stay in politics. He suffered two brain aneurysms and career-threatening gaffes and miscues. In 2015, he lost his eldest son, Beau, to brain cancer. These difficult trials left him a more compassionate man, particularly suited for “the battle for America's soul” in the midst of the nationwide divisiveness brought to a head by President Trump. Based on exhaustive research by one of Washington's most prolific journalists, including numerous exclusive interviews with Biden's confidants and family members, as well as President Obama and the former vice president himself, Joe Biden goes beyond conventional biography to track the forces

that have shaped a man whose plainspoken style and inspiring life story have resonated with millions of Americans and whose work has shaped modern American life.

*The Experience Economy* U of Nebraska Press

A comprehensive and balanced biography of the controversial George Armstrong Custer.

*Maximizing Benefits, Minimizing Risk* PublicAffairs

Acclaimed author and historian Mark K. Updegrove, head of the LBJ Foundation and presidential historian for ABC News, offers an illuminating account of John F. Kennedy's brief but transformative tenure in the White House. "Tremendously absorbing and inviting... An important book."—Doris Kearns Goodwin • "Elegant, concise, [and] knowing."—Michael Beschloss • "Rescues JFK from Camelot mythology."—Richard Norton Smith Nearly sixty years after his death, JFK still holds an outsize place in the American imagination. While Baby Boomers remember his dazzling presence as president, millennials more likely know him from advertisements for Omega watches or Ray Ban sunglasses. Yet his years in office were marked by more than his style and elegance. His presidency is a story of a fledgling leader forced to meet unprecedented challenges, and to rise above missteps to lead his nation into a new and hopeful era. Kennedy entered office inexperienced but alluring, his reputation more given by an enamored public than earned through achievement. In this gripping new assessment of his time in the Oval Office, Updegrove reveals how JFK's first months were marred by setbacks: the botched Bay of Pigs invasions, a disastrous summit with the Soviet premier, and a mismanaged approach to the Civil Rights movement. But the young president soon proved that behind the glamour was a leader of uncommon fortitude and vision. A humbled Kennedy conceded his mistakes, and, importantly for our times, drew important lessons from his failures that he used to right wrongs and move forward undaunted. Indeed, Kennedy grew as president, radiating greater possibility as he coolly faced a steady stream of crises before his tragic end. Incomparable Grace compellingly reexamines the dramatic, consequential White House years of a flawed but gifted leader too often defined by the Camelot myth that came after his untimely death.

*Trials to Triumph* HarperCollins

What really sets the best managers above the rest? It's their power to build a cadre

of employees who have great inner work lives—consistently positive emotions; strong motivation; and favorable perceptions of the organization, their work, and their colleagues. The worst managers undermine inner work life, often unwittingly. As Teresa Amabile and Steven Kramer explain in *The Progress Principle*, seemingly mundane workday events can make or break employees' inner work lives. But it's forward momentum in meaningful work—progress—that creates the best inner work lives. Through rigorous analysis of nearly 12,000 diary entries provided by 238 employees in 7 companies, the authors explain how managers can foster progress and enhance inner work life every day. The book shows how to remove obstacles to progress, including meaningless tasks and toxic relationships. It also explains how to activate two forces that enable progress: (1) catalysts—events that directly facilitate project work, such as clear goals and autonomy—and (2) nourishers—interpersonal events that uplift workers, including encouragement and demonstrations of respect and collegiality. Brimming with honest examples from the companies studied, *The Progress Principle* equips aspiring and seasoned leaders alike with the insights they need to maximize their people's performance.

*I Know Why the Caged Bird Sings* Duke University Press

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of *The Merchant* in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

*Churchill's Trial* Little, Brown

In June of 1876, on a desolate hill above a winding river called "the Little Bighorn," George Armstrong Custer and all 210 men under his direct command were annihilated by almost 2,000 Sioux and Cheyenne. The news of this devastating loss caused a public uproar, and those in positions of power promptly began to point fingers in order to avoid responsibility. Custer, who was conveniently dead, took the brunt of the blame. The truth, however, was far more complex. A

TERRIBLE GLORY is the first book to relate the entire story of this endlessly fascinating battle, and the first to call upon all the significant research and findings of the past twenty-five years--which have changed significantly how this controversial event is perceived.

Furthermore, it is the first book to bring to light the details of the U.S. Army cover-up-and unravel one of the greatest mysteries in U.S. military history. Scrupulously researched, A TERRIBLE GLORY will stand as a landmark work. Brimming with authentic detail and an unforgettable cast of characters--from Sitting Bull and Crazy Horse to Ulysses Grant and Custer himself--this is history with the sweep of a great novel.

*An Inspirational Novel of Hope, Love, and Law* Univ of California Press

A New York Times bestseller from the author of *Band of Brothers*: The biography of two fighters forever linked by history and the battle at Little Bighorn. On the sparkling morning of June 25, 1876, 611 men of the United States 7th Cavalry rode toward the banks of Little Bighorn in the Montana Territory, where three thousand Indians stood waiting for battle. The lives of two great warriors would soon be forever linked throughout history: Crazy Horse, leader of the Oglala Sioux, and General George Armstrong Custer. Both were men of aggression and supreme courage. Both became leaders in their societies at very early ages. Both were stripped of power, in disgrace, and worked to earn back the respect of their people. And to both of them, the unspoiled grandeur of the Great Plains of North America was an irresistible challenge. Their parallel lives would pave the way, in a manner unknown to either, for an inevitable clash between two nations fighting for possession of the open prairie. *Barbarian Days* Simon and Schuster Great leaders embrace a higher purpose to win. The Net Promoter System shines as their guiding star. Few management ideas have spread so far and wide as the Net Promoter System (NPS). Since its conception almost two decades ago by customer loyalty guru Fred Reichheld, thousands of companies around the world have adopted it—from industrial titans such as Mercedes-Benz and Cummins to tech giants like Apple and Amazon to digital innovators such as Warby Parker and Peloton. Now, Reichheld has raised the bar yet again. In *Winning on Purpose*, he demonstrates that the primary purpose of a business should be to enrich the lives of its customers. Why? Because when customers feel this love, they come back for more and bring their

friends—generating good profits. This is NPS 3.0 and it puts a new take on the age-old Golden Rule—treat customers the way you would want a loved one treated—at the heart of enduring business success. As the compelling examples in this book illustrate, companies with superior NPS consistently deliver higher returns to shareholders across a wide array of industries. But winning on purpose isn't easy. Reichheld also explains why many NPS practitioners achieve just a small fraction of the system's full potential, and he presents the newest thinking and best practices for doing NPS right. He unveils the Earned Growth Rate (EGR): the first

reliable, complementary accounting measure that can truly leverage the power of NPS. With keen insight and moving personal stories, Reichheld advances the thinking and practice of NPS. *Winning on Purpose* is your indispensable guide for inspiring customer love within your own teams and using Net Promoter to achieve both personal and business success.

**A Terrible Glory** Harvard Business Press *Empire and Liberty* brings together two epic subjects in American history: the story of the struggle to end slavery that reached a violent climax in the Civil War, and the story of the westward expansion of the United States. Virginia Scharff and the contributors to this volume show how

the West shaped the conflict over slavery and how slavery shaped the West, in the process defining American ideals about freedom and influencing battles over race, property, and citizenship. This innovative work embraces East and West, as well as North and South, as the United States observes the 2015 sesquicentennial commemoration of the end of the Civil War. A companion volume to an Autry National Center exhibition on the Civil War and the West, *Empire and Liberty* brings leading historians together to examine artifacts, objects, and artworks that illuminate this period of national expansion, conflict, and renewal.
