University Physics is designed for the two- or three-semester calculus-based physics course. The

text has been developed to meet the scope and sequence of most university physics courses and provides a foundation for a career in mathematics, science, or engineering. The book provides an important opportunity for students to learn the core concepts of physics and understand how those concepts apply to their lives and to the world around them. Due to the comprehensive nature of the material, we are offering the book in three volumes for flexibility and efficiency. Coverage and Scope Our University Physics textbook adheres to the scope and sequence of most two- and three-semester physics courses nationwide. We have worked to make physics interesting and accessible to students while maintaining the mathematical rigor inherent in the subject. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from fundamental to more advanced concepts, building upon what students have already learned and emphasizing connections between topics and between

theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses and future careers. The organization and pedagogical features were developed and vetted with feedback from science educators dedicated to the project.

Corporation (Guitar Method). Play great jazz while you learn from this revered guitar method! These solos and duets map directly to the lessons in William Leavitt's Modern Method for Guitar, Volume 1 , the basic guitar text at Berklee College of Music. Since the 1960s, the Modern Method for Guitar series has been one of world's most popular guitar methods, translated into Spanish, French, and Japanese, and selling over half a million copies. Carefully overseen by Larry Baione, chair of Berklee's Guitar Department (and a former student of William Leavitt), these arrangements are crafted to Leavitt's time-proven approach, giving you the chance to apply what you learn to music by Miles Davis, Duke Ellington, Sonny Rollins, Django Reinhardt, and other jazz greats. The accompanying CD demonstrates all the tunes and offers play-along tracks for practicing the duets. Songs include: Afternoon in Paris * Basin Street Blues * A Child Is Born * Daphne * Here's That Rainy Day * In a Sentimental Mood * My Little Suede Shoes * St. Thomas * Samba De Orfeu * So What * Swing

42 * Valse Hot * The Very Thought of You * When I Fall in Love * Willow Weep for Me.
